

367 Vertiface®
366 Composition®

Walls need never be drab or boring again. Autex Vertiface® and Composition® wall coverings provide a colourful and practical solution with the freedom of design choice. Made from 100% polyester fibre, Vertiface® is a 2-3mm wall covering in either a velour or rib finish, which can be directly fixed to any wall surface.

Keeping it Quiet

Composition® acoustic wall coverings combine Vertiface® fabric with a 10-12mm polyester backing that creates a multi-use wall covering with exceptional acoustic properties. Entire walls can be covered with Composition® typically reducing reverberated noise by approximately 40% (NRC rating 0.4). With easy installation options Composition® is the ideal choice for the education sector, use in the classroom, library or staffroom - anywhere where you need a surface that can reduce noise and/or act as a notice board.

Exceptional Features

Both Vertiface® and Composition® are “hook and loop” receptive, allowing easy display of teaching aids and student’s “work of art”, while Composition® is also pin and staple receptive, eliminating unsightly pinholes in the wall. Composition® is available in roll form or as a peel and stick tile - perfect for the home handyman’s allowing for greater design flexibility. Vertiface® and Composition® are available in 34 fashionable colours, offering complete design freedom to complement any decor. The use of specialised non-woven manufacturing processes means Vertiface® and Composition® will not zip or fray. Polyester fibre is safe, non-toxic, recyclable, environmentally friendly and highly resistant to fading. Vertiface® and Composition® are also stain and moisture resistant which means they won’t rot or breakdown, providing years of good looks and service.

365 Composition®
Peel n Stick Tiles

The innovative Composition® Peel ‘n’ Stick Tiles provide a colourful and practical solution to enhance already existing walls, offering you complete design choice whether you’re wanting a pinboard, acoustic performance or a total wall solution.

Composition® Peel ‘n’ Stick Tiles combine Vertiface® fabric with a 10-12mm polyester backing to create a multi-use wall covering with exceptional acoustic properties. Entire walls can be covered with Composition® Peel ‘n’ Stick Tiles considerably reducing reverberated noise. With easy installation options Composition® Peel ‘n’ Stick Tiles are the quick and cost effective way to bring your walls to life.

Exceptional Features

Composition® Peel ‘n’ Stick Tiles have all the features of Composition, plus the added ‘easy use’ of a self-adhesive backing.

Easy to Install

Composition® Peel ‘n’ Stick Tiles have a self-adhesive backing - just peel and stick! Each pack comes complete with easy to follow instructions.

Fashionable Colours

Composition® Peel ‘n’ Stick Tiles are available in twelve fashionable colours, offering complete design freedom to complement any decor.
