- Rounded corners and bevelled edges
- Cleated back stops movement on carpet
- Available without cleats for timber, vinyl and tiled floors
- Comes in three sizes to suit most areas
- Leather grain surface resists wear and tear
- PVC - 2 Year Warranty
- Polycarbonate - 7 Year Warranty

Why let your chair ruin your carpet? Chairmats are essential for protecting your carpet from scrapes and scuffs from office chairs. These Chairmats are a superior clear vinyl mat that won't curl up and have a leather grain texture to keep up appearances. They come with "anchors" to keep them firmly in place on carpets. To protect wooden or other hard surface floor, mats without anchors are available. For carpets with underlay, polycarbonate Chairmats must be used.
