

# LIBRARY FURNITURE

Most library issue desks are made to customers specifications. We have lots of ideas so you can contact us for info and find out about to design your own

**Boomerang**

**'P' End**

**Corner Desks  
with optional hutches**

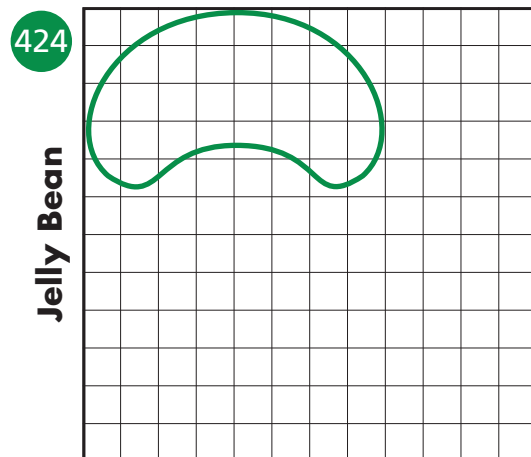

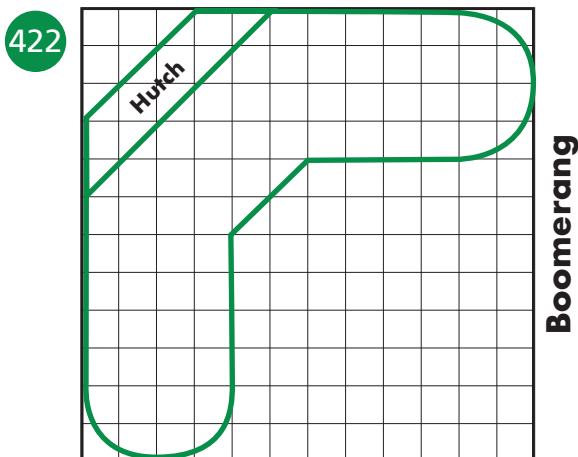

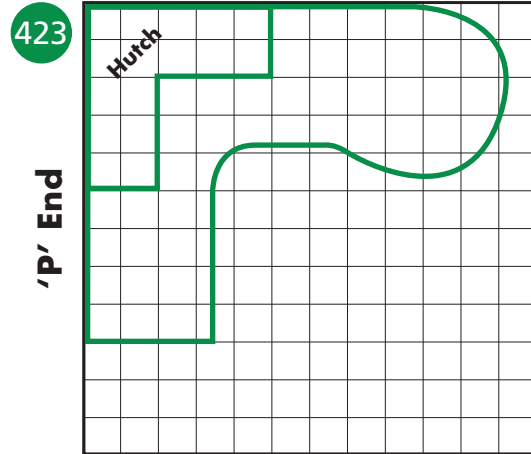

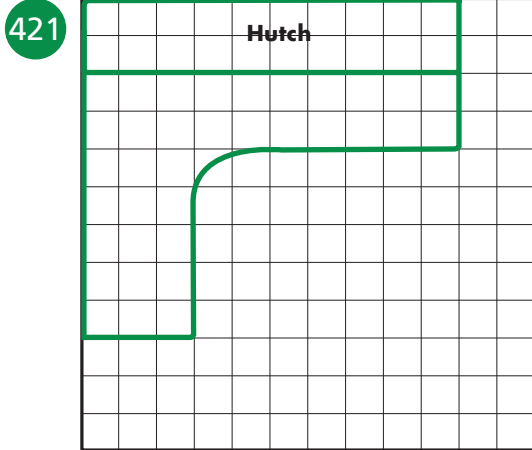

**Jelly Bean Desk**

# design your own

## SCALE

□ = 200mm x 200mm

## Design your own....

Library Issue desks come in 4 basic shapes with several options available for each.

So to design your own you need to take the following steps:

1. Choose your overall shape
2. Work out your overall measurement and the depth required
3. Work out your end shapes, ie square, oval or P end. If wanting a P end, this must be a minimum of 2200mm long.
4. Add the book slot – must be positioned on either the left or right end
5. Cable ports come standard in the corner. If you want any extras please draw them on your plan
6. If you want to have a hutch, indicate where you want this to be. These are 400 high x 300 deep or if wanting a corner hutch 600x600 x 400h
7. Features. If wanting any feature on the modesty panel, please give us an idea on what you want. You can have curves, diagonals, waves, squares etc
8. Colours. Please choose from our Melteca colour page. You can have contrasting tops, bottoms, and feature panels.
9. Please indicate if you want any extra's like drawers, book bins, cupboards etc.
10. Once you have this info, fax to 09 4308010 and we will price this for you.
