

Testimonials for Mike's Woodshop...

We have been purchasing our furniture from Mike's Woodshop over the past three years. We have found their services to be prompt and reliable. They are a great team to deal with, always trying to meet our requirements. We have found the furniture to be of high quality and reasonable cost.

Simon Peek, Associate Principal at Macleans College

I have dealt with Mike's Woodshop from when they started and three schools later I am still really impressed by their personal and prompt service. Nothing is ever a problem to Mike, Kerri and staff as they strive to accommodate the needs of the school. Their workmanship is always of the highest standard and they have a huge range and variety. Kerri is a very knowledgeable consultant with creative ideas for purpose built furniture at very competitive prices.

Mike's Woodshop has been a great sponsor of the Tai Tokerau Principals Association for many years and has an excellent new factory and showroom where many of their products can be viewed. For quality and reliability at an affordable price you can't go past Mike's Woodshop.

Geoff Skudder, Principal at Whangarei Primary School

Over the years Ohaeawai School has purchased many items of furniture. We have always been impressed with the range available. Kerri has even designed us specific pieces of furniture to fit our needs. We have always been delighted with the prompt service and high quality.

Lee Whitelaw, Principal at Ohaeawai Primary School

Mike's Woodshop has given us years of prompt 'prepared to go the extra mile' service. Not only have their products and prices been competitive but they've come with experience and a sound understanding of the unique demands of schools.

Rick Sayer - Principal at Ngunguru School

Mike's Woodshop have been One Tree Point Schools' sole supplier of school furniture for a number of years. This is the case because they make and sell a great range of quality products at competitive prices and their level of service is exceptional

Adrian Smith, Principal at One Tree Point School

Mike's Woodshop has consistently provided Stella Maris with excellent product and service. Three and a half years ago, Mike's Woodshop, were given the task of providing furniture when we established Stella Maris and did an outstanding job. This is still the case today. Without exception, they have always provided us with quality furniture, which looks as good as the day it was first delivered always competitively priced and supported by service that is exceptional.

Christine Smith - Principal at Stella Maris Catholic School

I have worked with Mike's Woodshop since 1996. The first piece of furniture that I purchased was a poster rack which Kerri and I drafted in my small office in Ngataki. Twelve years later and four schools later I sat with Kerri to once again draft out a piece of furniture (a desk this time) in my slightly bigger office in Manaia View School. The personal service I received back then I still receive today. I have over the last 12 years asked Mike and Kerri to meet the needs of each of the schools I have been lucky to be Principal of. Each School has had different needs and each time Mike and Kerri come through with that one of a kind design or sourcing the best deals in core furniture. You cannot put a price on a relationship that is built on knowledge that your individual NEEDS are what's important. I would like to thank both Mike and Kerri for continuing to develop their products to meet our changing needs and at the same time ensuring that we are getting the best deals in the core products.

Leanne Otene - Principal at Manaia View School

I have known Mike and Kerri from Mike's Woodshop since 1995. The quality of products and the advice and guidance from Mike, Kerri and the team at Mike's Woodshop are unquestionably second to none. I have moved around the country and have been the Principal in a variety of schools since 1995. I continue to purchase my school furniture from Mike and have never been let down by quality or price. My advice to any principal looking to purchase school furniture is to get a quote from Mike. You will save money and your children will benefit from excellent furniture.
